

CROTON RECREATION HIGH SCHOOL PROGRAM

WHAT IT IS

The new Croton High School Program is a program designed for students of the Croton Harmon High School, grades 9 to 12. It is designed to give students a stress free environment to socialize and participate in events. Students play a vital role in choosing what is planned.

WHAT WE DO

We currently have “drop in” nights in the teen room at the Municipal Building on Monday nights from 7-10pm. Come relax with your friends and play pool, ping pong, foosball, and video games (including Dance Dance Revolution for the Xbox 360) or watch TV and movies on our HD flat screen with surround sound. There will also be trips periodically through out the year to various places and events such as Mountain Creek for snowboarding, Six Flags, pro sports games, and other activities based on feedback from the students.

MORE INFO

For more information you may contact John Miller in the Recreation Department at 271-3006. If you wish to receive email updates on future events, email jmiller@crotononhudson-ny.gov.
